THE LODGE

Plenty of room. Plenty of privacy. Plenty of everything.

Roomy ranch style house overlooking two scenic ponds.

One pond is right below you at the base of the wooded hill across from you, just below the patio and your seat on the stone wall or around the fire pit – just a bullfrog croak away. The other is just there, stretching out toward the woods and open fields, catching first and last light, just a turkey gobble away. But you might not hear it if the patio speakers are on, if the fire is crackling and the laughter is building.

Inside, five bedrooms, five luxurious bathrooms and one half-bath wrap around congenial shared space and a fireplace, an airy and open full kitchen, and a stunning dining table inviting a banquet or meeting, bookended by doors onto the patio on one end and a fenced garden on the other.
